

Thermocouple High Temp insulated Wire Style

- **1-2.** Construction Style
- CC = High Temp thermocouple
- **3.** Calibration
- K = K Type
- **4.** Lead Protection
- F = Vitreous silica yarn
(0.60mm solid)
- G = Vitreous silica yarn
(0.80mm solid)
- **5.** Junction
- G = Grounded
- **6.** Performance Capabilities
- A = Single reading :
(1095 °C)
- **7.8 .9.** Lead Length (m)
- Length : 10 to 200
- **10.** Terminations/Options
- A = Standard,
- B = spade lugs
- C = Miniature male Plug
- D = Standard male Plug
